### Swing frame for explorers

Our Explore series has a selection of swing frames to suit every need. All the Explore models feature painted frames and a decorative gable element that matches the Explore series' themed universe and which stimulates role-play and imagination.

A modular swing frame makes it possible for several children to swing at the same time. In addition, the modular swing frame is available in several different combinations, which can be tailored to specific age groups or span a wide age group depending on which seats are chosen.

### The tyre swing for children large and small

The tyre swing is one of our most popular swing seats. The well-known favourite is suitable for a wide age group ranging from 2 years and up to 15-16 years. At the same time, it has several uses, as two small children can sit on it together, while older children can swing on it standing up. The tyre swing seat is coated with environmentally friendly rubber paint that does not rub off in the summer heat.

### Why choose LEDON Explore?

- Low-maintenance play equipment in natural colours.
- In particular, it challenges and stimulates children's social skills, motor skills and balance.
- The play systems come in a wide range of sizes and price classes to suit every need.
- A theme world that arouses children's natural interest in experiencing and exploring the world.
- The largest theme world with many different items of play equipment for the entire playground.

### Specifications

- Article number**  
1185EXA: In-ground mounting
- Recommended ages**  
From 3 years
- Product dimensions (LxWxH)**  
635 x 227 x 243 cm
- Area requirement incl. safety distances (LxW)**  
635 x 706 cm
- Max. fall height**  
129 cm
- Approximate installation time**  
2 persons 5 hours
