Enjoy a spin with your friends

Our range of carousels gives children every opportunity to have a spin together. They can do so standing up or sitting down depending on which model you want for your playground.

High speed and lots of movement is good for children's vestibular sense, which plays a crucial role in their development. A strong vestibular sense helps to improve children's motor skills, language and concentration. Carousels also promote cooperative play. If several children want to have a ride together, they all need to agree on the speed and direction of the carousel and when to stop. This is a good exercise for training children's social skills.

Hurricane is available in the colours red and green as well as in two different sizes.

Specifications

Article number
650035: In-ground mounting

Recommended ages
From 3 years

Product dimensions (LxWxH)
130 x 130 x 80 cm

Area requirement incl. safety distances (LxW)
530 x 530 cm

Max. fall height
80 cm

Approximate installation time
2 persons 3 hours

Other details

-  This product can be installed directly on grass without additional fall protection
